CERTIFIED USDA ORGANIC GLUTEN FREE

TASTING NOTES

This crystal clear rum glistens with hues of platinum, sparkling at the slightest provocation.

The aroma is invitingly refreshing, reminiscent of the freshly squeezed cane juice employed in its production. The fermentation and distillation are carried out artfully, ensuring the natural aromas of the sugarcane are preserved all the way to the bottle. The aftertaste is smooth and prolonged, a feat rarely achieved by its non-organic counterparts. This rum is a remarkable find!
